4. The Board next considered the Fifteenth Anniversary Review of Mr. [] who will complete 15 years of Agency service on 11 July 1970. Mr. [] has completed 52 months and 10 days of verified qualifying service. The DDP/OP states that there are no current plans for Mr. [] to perform overseas service, and that a review of his past service reveals no domestic service which warrants consideration as qualifying service. The Board recommended that Mr. [] be removed from the System. Mr. [] will be sent a memorandum affording him the opportunity to submit any additional information in his case if he so desires.

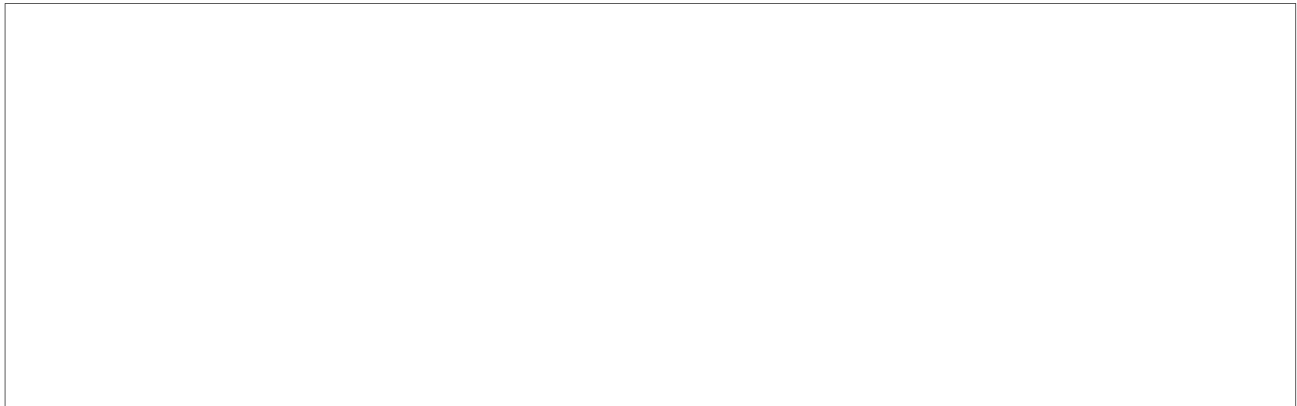

25X1

25X1

5. The Board next considered the nomination of Mr. [] for designation as a participant in the CIA Retirement and Disability System based partially on domestic qualifying service. Mr. [] has completed 46 months and 1 day of verified overseas service. Mr. [] stated that if he is approved for participation in the System he will retire as soon as other suitable employment can be obtained. From December 1964 through June 1967, Mr. [] was assigned as an operations

25X1

sufficient periods of service, which were qualifying under the provisions of HR 20-50 b.(11), which when added to his overseas service would total more than the required 60 months of qualifying service. The Board recommended that [] be approved for designation as a participant in the System.

25X1

6. The Board next considered a request from Mrs. [] for the deferment of her retirement under the Civil Service Retirement System from 31 August 1970 until 31 August 1971 for compassionate reasons.

25X1

[] was previously granted a one-year extension from August 1969.

[] states that if she retires as scheduled her combined yearly income from interest on her bank account and her retirement annuity will be approximately \$2,916.00. She further states that she is not in a position to move in with other members of her family, and her married daughter is not able to assist her financially. The Chief, Records Integration Division strongly supports Mrs. [] request, and states that her services for the extra year would be used profitably, particularly because of their chronic shortage of clerks. The Deputy Director for Plans states that in view of Mrs. [] continued usefulness to RID in a clerical capacity and to provide additional time for her to obtain appropriate employment, he recommends that she be granted a deferment until 30 June 1971. In discussing this case the Board noted that in approving the earlier extension the Director had noted that "Further extensions should not be requested."

25X1

The Board stated that since Mrs. [] had submitted the case, which was strongly supported by her Career Service, and since there was an obvious case of financial hardship involved, they recommended that she be granted a further deferment until 30 June 1971.

7. The next case considered by the Board was a request from the Chief, [] [] for the continued employment of Mrs. [] is currently scheduled to retire on 31 March 1971. The Chief, [] points out that Mrs. [] last two fitness reports have been rated "outstanding", and he states that in his opinion it would be absolutely impossible to fill the Administrative Assistant vacancy with an individual able to even remotely approximate the combination of experience and competence which she brings to the job. He also states that the void which would be created by Mrs. [] retirement would undoubtedly have an adverse effect on the efficiency not only of the clerical staff but also on the professional staff which she supports in such excellent manner. He further states that during the past six years

25X1 the entire staff of the office has changed, with the exception of Mrs. [] and she has provided a continuity of knowledge, experience and sound judgment which has kept order in what could have been quite a confusing period. He 25X1 concludes that in light of Mrs. [] strong desire to remain on the job and the office's great need for her continued services, he strongly urges that she be extended for as long a period as possible. The Director, [] 25X1 [], with the concurrence of the Deputy Director for Intelligence states that he concurs in the recommendation of the Chief, [] 25X1 Office; however, he suggests a two-year extension from March 1971 to March 1973 at which time Mrs. [] will retire. The Board recommended that Mrs. [] be granted a deferment of her retirement until 31 March 1973, with the understanding that this was a terminal deferment. The Board also recommended that the [] should be advised to seek a qualified replacement during this period since this was a terminal deferment.

FOIAB3B125X1 8. The Board next considered a request from the Director, [] FOIAB3B1 [] for the deferment of Mrs. [] retirement from 1 April 1971 until 1 April 1972 based on a need for her services. The Director, [] states that Mrs. [] has proved to be one of 25X1 the mainstays of the [] operations because of her strong linguistic abilities, broad field experience and maturity, especially in the training of new monitors. He further states that although [] is FOIAB3B1 moving forward in efforts to form an effective monitoring team at the [] [] progress in training and recruiting is considerably slower than anticipated. He concludes that Mrs. [] is clearly in a "difficult to 25X1 replace" category of personnel. The Deputy Director for Intelligence has concurred in this request. The Board recommended that Mrs. [] 25X1 retirement be deferred until 1 April 1972 for operational reasons.

25X1 9. The Board next considered a request from Mrs. [] for the deferment of her retirement from 31 July 1971 until 31 July 1972 for compassionate reasons. Mrs. [] will complete 20 years of creditable service in July 1971 and her annual annuity at that time would be \$3,340.00. In addition her husband, who is now 72 years of age, has a combined income of \$300.00 per month from his annuity and social security. Mrs. [] 25X1 states that during the past two years she has had to spend \$925.00 to alleviate a personal denture problem. She states that other major expenses with which she is presently confronted with stem from her husband's acute case of Emphysema, the severity of which requires constant medical attention and expensive medication. Her husband also has a serious cataract problem in both eyes which requires daily medication and frequent doctor's visits. They also have \$1,800.00 remaining on the mortgage of their home and a \$1,900.00 balance due with the Agency Credit Union. The Director of Security states that Mrs. [] last six Fitness Reports, as a Security Assistant, reflect five "Strong's" and one "Outstanding". He strongly recommends, with the concurrence of the Deputy Director for Support, that approval be granted on compassionate grounds. The Board recommended that Mrs. [] be granted a deferment of her retirement until 31 July 1972 in consideration of the compassionate reasons involved.

10. The meeting adjourned at 3:10 p. m.
